

NATION PINCHES COAL SUPPLY TO SLOW UP FAMINE

**Governors Attempt to
Start Mines—Train
Cut a Third.**

BULLETIN.
By Associated Press Leased Wire
Columbus, O., Dec. 5.—Settlement of the coal strike in Ohio was very near today, according to reports to the office of Gov. Cox at noon.

By Associated Press Leased Wire
McAlester, Okla., Dec. 5.—Gov. Robertson has issued a proclamation declaring military law in Pittsburg, Latimer, LeFlore, Coal, Haskell and Oklahoma counties to take effect immediately.

In his proclamation declaring martial law, Gov. Robertson announced that he has ordered on duty the entire national guard organization of the state to occupy the coal fields "to preserve order in the present crisis."

By Associated Press Leased Wire
Chicago, Ill., Dec. 5.—With the general situation at the mines showing virtually no improvement, the middleweek today began to feel the real pinch of the strike of bituminous coal miners.

First cancellations of trains in the sweeping reduction of railroad service were made at St. Louis, where half a dozen trains on the St. Louis & San Francisco road were ordered withdrawn. Officials of all railroads west, southwest and northwest of Chicago were preparing to put the reduction of train service into effect at 12:01 a. m. Monday.

Can't Work Mines.

Gov. Frank O. Lowden in a statement issued today declares it is impracticable to attempt to work the Illinois coal mines with inexperienced men and that the number of experienced men available at present is so small that it is not worth while to attempt a resumption of mine operation under the circumstances. He says there is nothing to be gained at this time by having the state seize the mines unless there are men to operate them.

Gov. Lowden declares the situation due to the coal famine in Illinois is extremely serious and says that even more drastic restrictions on business will have to be adopted unless immediate relief is offered.

Illinois, he declares, is not receiving the amount of coal from the government to which it is entitled.

Lieut. Gov. John J. Oglesby left for Washington, D. C., today to present Illinois' claims for more coal to Dr. J. A. Garfield, federal coal administrator.

By Associated Press Leased Wire
Chicago, Ill., Dec. 5.—Efforts of Governors of at least ten states to have sufficient coal mined to provide for domestic consumers and absolutely essential industries marked the progress today of the strike of bituminous coal miners.

Restrictions had been placed on consumption of fuel throughout the country from New York City to the Sierra Nevada mountains as the general situation at the mines showed virtually no improvement and the miners maintained their attitude of hostility toward the proffered 14 per cent wage increase.

Cut Trains at Third.

Effective at 12:01 Monday morning the most sweeping reduction of railroad service in history—reduction in passenger of one-third in "train miles" on all railroads diverting west, southwest and northwest from Chicago—had been ordered. Region directors of the central west, southwestern and northwestern regions estimated that that step alone would save 11,000 tons of coal daily. Other curtailments of railroad service were being considered today.

Six and Half Hour Day.

Additional industries today faced shutdowns and more drastic conservation rules for cities that would bring them on a parity with Chicago and Kansas City were in prospect. The strict supervision of the use of fuel and power first ordered at Kansas City, today was surpassed at Chicago, which went on a 6 1/2 hour business schedule.

Oklahoma Volunteers.

At the mines today the situation generally was unchanged. A small addition to the production was looked for, however, when Oklahoma put into effect the Kansas idea, that state producing several carloads of coal—volunteer operation of mines under troops protection.

Sieze Missouri Mines.

Preparatory to state operation seventeen Missouri mines today had been seized under a gubernatorial proclamation.

In Arkansas volunteer operation of mining property was promised by the governor by Monday.

Conference in Ohio.

Looking toward possible settlement of the coal strike on a state basis the governor of Ohio today had called a conference of representatives of the operators and the approximately 42,000 Ohio miners.

Michigan manufacturers anxiously awaited today the outcome of the governor's efforts to bring about temporary settlement of the strike in that state. A reply from the miners to the governor's proposal that mines be opened immediately on fuel administrator Garfield's terms, terms of the final settlement to be retroactive to the date the Michigan miners resumed work, was expected today. The operators accepted the condition yesterday.

The national fuel administration had before it today the request of the Governors of Colorado, Nebraska and Wyoming for appointment of fuel administrators in each state.

GOVERNMENT CLAIMS OPERATORS AND MEN LEAGUED IN STRIKE

**Try to Show Operators Plotted
with Union Heads
for Strike.**

By Associated Press Leased Wire
Indianapolis, Ind., Dec. 5.—Government agencies in Indianapolis today continued collection and compilation of evidence of alleged collusion between coal miners and operators to limit production of coal, for presentation to the federal grand jury when it convenes here next Monday.

It is declared by United States District Attorney L. Ert Slack, and Dan W. Simms, special district attorney appointed in connection with the government's injunction proceedings, that they have evidence that the operators not only are in league with the miners in the present strike, but that they have formed a combination of their own in violation of the labor control act and anti-trust laws.

The first of the hearings of charges of contempt will be held next Tuesday when John L. Lewis, acting president of the United Mine Workers and five other officials are cited to appear.

Others of the 84 representatives of the miners will be given hearings as soon as authorization for their removal to Indianapolis from their respective court districts are completed.

The fuel situation in Indiana is daily growing more acute and drastic conservation measures are in effect throughout the state.

No change was reported in the situation in the Indiana coal fields where all mines have been shut down for more than a month.

CHICAGO FACES NEW ECONOMIES TO HALT FAMINE

**4-Hour Business Day
May Be Necessary
in the City.**

By Associated Press Leased Wire
Chicago, Ill., Dec. 5.—Following receipt of instructions from United States Fuel Administrator Garfield at Washington, T. W. Proctor, regional coal director, today announced that fuel will continue to be furnished meat packers in Chicago and the west and northwest to operate slaughtering, refrigerating and packing plants. The order virtually classifies meat packing as an essential industry.

The instructions prohibit the use of coal by the packers for the manufacturing of any by-products and as a result all their soap, glue, leather, hair, drug and other by-products plants were closed. The big Chicago packers reported today they have no surplus supply of coal on hand and are depending upon daily deliveries. One firm has been using oil for fuel in several of its plants for a month.

Chicago needs 500 cars of coal daily to continue on its present 6 1/2-hour business day basis.

4-Hour Basis Possible.
Unless this amount of coal is forthcoming each day Chicago may have to be put on a 4-hour business day basis. The coal situation was reported to be more serious here today than at any time since the beginning of the coal strike.

Hundreds of additional manufacturing plants closed today because of their inability to obtain fuel and many more thousands of men are idle. The fuel regulations are being rigidly enforced and as a result the loop district was as quiet as Sunday during the early morning hours.

HABEAS CORPUS GRANTED.

By Associated Press Leased Wire
New York, Dec. 5.—Writs of habeas corpus in behalf of Alexander Berkman and Emma Goldman, were granted by Federal Judge Mayer this afternoon.

In Tennessee Gov. Robertson had called a meeting for tomorrow of operators and miners to consider steps to end the strike without state seizure of the mines.

Except for the order cutting off bunkers of coal from ships flying foreign flags, the first conservation measures at the eastern seaboard were in effect today with the curtailing of the use of electricity at New York. Public service commissioner, Nixon, directed that the heating in subway, elevated and surface cars be reduced for two weeks during rush hours. He permitted normal heat to be maintained during "slack" time. New York theatrical managers also requested all theaters to darken electric signs except for the hour after 7:30 p. m. No announcement was made regarding darkening all signs.

Chicago's downtown streets at night resemble those of a village as far as illumination is concerned. Only street lights are lit.

Business houses today will open at 11 a. m. and close at 5:30 p. m. Office buildings were permitted to remain open only between 9 a. m. and 3:30 p. m.

THE WEATHER

FRIDAY, DEC. 5
Chicago and vicinity: Increasing cloudiness tonight; lowest temperature about 23 degrees above zero; Saturday unsettled, possibly rain or snow; rising temperature, moderate north to northeast winds tonight, shifting to east and southwest Sunday and increasing.
Illinois: Unsettled weather with rain or snow Saturday and in west and south portions tonight; rising temperature.

ALLIED ADVANCE INTO GERMANY IS THOUGHT LIKELY

**German Refusal to Sign
Protocol May Bring
Action.**

By Associated Press Leased Wire
London, Dec. 5.—There was a persistent rumor in the stock exchange this morning that the Supreme Council of the Peace Conference had threatened Germany that unless the final peace terms were agreed to, allied troops would occupy Essen and Frankfurt. Up to this time the market has not been affected by the report.

Official announcement that Field Marshal Wilson has gone to Paris in response to "an urgent summons to consult Marshal Foch in connection with the peace treaty," is regarded by some morning newspapers as of considerable significance. It is printed alongside the address made in Glasgow last evening by Andrew Bonar Law, in which he said he believed the allies had the power and if necessary will exercise it, to insure ratification of Versailles treaty by Germany. It is suggested that steps to exert pressure on Germany may be imminent.

"There has been enough solemn fingers wagging at the Germans, who have come to believe it safe to defy the allies," says the Daily Mail, in commenting on the situation. "A wise and merciful course would be to tell them plainly that if within a fixed time they do not comply with the allied conditions and fulfill the treaty terms the blockade will be renewed."

COERCION NEEDED

By Associated Press Leased Wire
Paris, Dec. 5.—Coercion is the only argument likely to make an impression upon the Germans and induce them to sign the protocol of the peace treaty, according to today's newspapers. It is said this conclusion was reached at the secret session of the council of five yesterday, at which Marshal Foch was present.

It is reported that the marshal undertook to execute the plan he drafted last June, the mere threat of which brought German plenipotentiaries to Versailles. During the meeting, says the Echo de Paris, Premier Clemenceau and Marshal Foch stated that the unexpected departure of the German delegates from Versailles and the complicated points raised by the enemy left no doubt whatever about necessity of taking action.

The Petit Parisien says that Germany considers it has gone too far and that an unofficial note has been received from Berlin announcing that new negotiations will leave soon for Versailles. The Supreme Council today considered further the note to be sent to Germany regarding the protocol but did not complete the document.

The secret meeting held by the Supreme Council yesterday with Marshal Foch and Gen. Weigand, the Marshal's assistant, in attendance, has provoked a great amount of speculation as to the eventual military action across the Rhine in case Germany does not reply satisfactorily to the final note regarding the protocol.

Yanks on Rhine

The American troops on the Rhine now number 12,000 men. No question has as yet arisen whether they would participate in any action undertaken by the French and British.

Plan Rapid Movement

The plan for action against Germany drafted by Marshal Foch last June mentioned in the dispatches, was ready for putting into effect in case the Germans had finally declined to sign the Versailles peace treaty. It contemplated a rapid advance into Germany from the occupied zone by the British, American and French armies. A drive of from 40 to 60 miles in depth all along the allied line was contemplated. Cavalry was to have been employed, together with armored cars, to protect the infantry, who were to have been rushed forward in motor trucks in a dash that would have been predicted, have broken all records for a rapid military advance.

COMMITTEE NAMED TO HANDLE XMAS STAMPS

The sale of Christmas seals for the furtherance of the anti-tuberculosis work for Lee county has been placed in the hands of Atty. Mark C. Keller, Lt. B. F. Downing, R. C. Bovey, and Mahlon Forsythe. Attorney Keller will act as chairman of the organized committee. Lt. Downing as vice chairman, R. C. Bovey as secretary, and Mahlon Forsythe as treasurer. The committee will make an active campaign through the various organizations throughout the county and aims to sell the seals in large quantities as a large percentage of the money secured from their sale is to be used in the county for the advancement of the work against tuberculosis. The remainder goes to the state organization for the work throughout the state.

CZECHS MOBILIZE

By Associated Press Leased Wire
Copenhagen, Dec. 5.—The Czechoslovakian government has ordered the mobilization of three military classes, says a dispatch from Vienna to the National Tidende here. A Prague dispatch says 21 divisions of Czechoslovaks are advancing toward the Hungarian frontier.

Recent advices from Prague announced an attack by a Hungarian frontier detachment of Czechoslovak troops. The Hungarians were ultimately driven back across the border, it was stated.

JENKINS FREED; PRESIDENT SEES SENATE MEMBERS

**Crisis in Washington
Eased by News of
Consul's Release.**

By Associated Press Leased Wire
Washington, D. C., Dec. 5.—The American embassy notified the State Department today that American Consul Agent William O. Jenkins at Puebla, Mex., had been released from custody.

It was announced at the State Department that the advices from the embassy said Jenkins had been liberated last night from the penitentiary where he had been held pending trial on charges of giving false information regarding his abduction by Mexican bandits in October.

The embassy's dispatch reached the State Department coincident with the arrival at the White House of Senators Fall and Hitchcock, who were instructed by the senate foreign relations committee to discuss with the President pending resolution proposing that the President be requested to sever diplomatic relations with the Carranza government.

The announcement of the State Department follows:

"The release of William O. Jenkins, the American consul at Puebla, Mex., was reported late this afternoon from the American embassy at Mexico City."

The secretary of state announced that a dispatch from the embassy stated that Third Secretary Hanna, of the embassy, who was sent to Puebla in connection with the department's repeated representations for the immediate release of Jenkins had reported that Jenkins was released from the penitentiary last night.

Jenkins was abducted Oct. 19, and the American embassy was immediately instructed to take all possible measures to effect his release from the bandits who had robbed and kidnapped him. Jenkins was released on ransom, returning to Puebla, Oct. 26, was taken to a hospital on that date and was arrested Nov. 15, by the Mexican authorities and taken into custody.

While the release of Jenkins served to relieve in a way the tension here on the Mexican situation, officials have explained that the Jenkins case was only an incident in the Mexican situation. Senators regard the charges of Senator Fall that the Mexican ambassador and consuls in the United States have spread "red" propaganda as more serious.

Opposes Intervention.

Intervention in Mexico is opposed by Jenkins, who in a letter received today by Representative Davis, of Tennessee, said it ought to be possible to solve the Mexican problem without actual intervention.

FATHER OVERJOYED

By Associated Press Leased Wire
Hanford, Calif., Dec. 5.—John W. Jenkins, father of William O. Jenkins, received with joy today the first news of his son's release by long distance telephone from the Associated Press at San Francisco.

"I am too overjoyed at my son's release to say anything else," said Mr. Jenkins.

CABINET MEETS.

By Associated Press Leased Wire
Washington, Dec. 5.—A special meeting of President Wilson's cabinet for 11 a. m. today was called by Secretary Lansing. It was understood that the Mexican situation was to be the chief topic of discussion.

CALL ON WILSON.

By Associated Press Leased Wire
Washington, Dec. 5.—President Wilson granted personal interview today to Senators Fall and Hitchcock, special representatives of the foreign relations committee appointed to confer with the chief executive on the Mexican crisis. The decision to lay the whole question before the President was reached late yesterday after a day of vigorous activity on the part of the committee, including a long conference with Ambassador Fletcher and Secretary Lansing, who told the committee he had not discussed the details of the recent Mexican developments with President Wilson and that the entire negotiations growing out of the arrest of Consul Agent Jenkins had been handled by the state department.

Following this statement, Senator Fall introduced a resolution before the committee calling for the appointment of a committee of two members to wait upon the President and seek his personal views on the Mexican policy. The resolution was adopted strictly on a partisan vote, the democrats opposing.

Senators Fall, republican, New Mexico, and Hitchcock, democrat, Nebraska, were chosen for the mission, and it was understood that Dr. Grayson, the President's personal physician was willing to grant the senators a conference with the President today. Dr. Grayson declared the President was showing rapid improvement and that while he would not object to the call of the senators he would not permit any effort to heckle the patient. The conference is expected to set at rest the many rumors as to the President's actual condition.

The entire status of relationship between Mexico and the United States was barred before the committee and past negotiations were disclosed which heretofore had been held in confidence by the state department.

Secretary Lansing was understood to have told the committee that the administration had adopted within recent months a more vigorous policy toward Mexico in demanding protection of

TWO FUGITIVES FROM MORRISON RECAPTURED OTHERS ARE AT LARGE

**Prisoners at Morrison Beat
Sheriff, Tied and
Gagged Him.**

Two of the four prisoners who escaped from the Whiteside county jail at Morrison yesterday afternoon after beating Sheriff Berry into unconsciousness, are still at large after a search which started soon after the jail delivery was discovered, and which resulted in the recapture of Ben Burdin, charged with the theft of furs from a Sterling residence, and William Cameron, held for the theft of brass at Fulton.

Frank Edwards, who was awaiting action on the part of the grand jury for the robbery of the R. L. Borchell store at Erie, and who was the leader in the jail delivery, and Harry McCannon, alleged forger, are still at liberty. It is believed that Edwards, who is said to have had about \$75 on his person, headed for railroad yards at Fulton or Savanna, and it is believed that McCannon, who is about 55 years of age, was last seen near Union Grove by two men who captured Burdin.

Slugged and Bound Sheriff

Reports of the delivery are to the effect that the prisoners each had asked the sheriff to bring him articles from town, the total amount making several very good sized packages. The prisoners had evidently figured that the sheriff would have the goods wrapped in parcels too large to put through the opening in a cell room door and would therefore unlock the door and carry the packages in. If this was their surmise they were right.

As Berry, with both arms full of bundles, stepped inside the door Edwards slugged him on the jaw, knocking him down, and the others at once jumped onto him, beating him into unconsciousness and choking him with a sock which they wrapped about his neck. They then tied and gagged him and made a hurried getaway.

A housemaid in the sheriff's residence which is in the same building as the jail, heard the commotion as the prisoners were overpowering the official, and she at once summoned aid from the county building. The sheriff was released, his story was obtained and the search was instituted. Burdin, the first to be recaptured, was captured in a corn field west of Morrison about 3 o'clock yesterday afternoon, and William Cameron was taken near Union Grove at 6 o'clock.

MEXICANS RAID STORE IN TEXAS

By Associated Press Leased Wire
Zapata, Tex., Dec. 5.—Mexican bandits last night raided the Cleburne ranch on the American side of the Rio Grande—11 miles southeast of here—escaping with provisions from a store on the ranch.

The number of bandits in the raiding party was not determined but they were reported heavily armed. The only person reported killed was the storekeeper, whom they bound and gagged before looting the store.

All provisions in the store were taken. The bandits packed them on to several horses taken from the ranch and then crossed the Rio Grande again into Mexico. The ranch is owned by Serapio Velia, of Laredo, Tex. No clue to the identity of the bandits had been obtained up to noon today.

American lives and property in the southern republic. He is said to have added, however, that precipitate action by congress probably would embarrass the state department in its present negotiations and advised postponement of congressional action until President Carranza had answered the latest note.

The foreign relations committee will not meet until Monday to receive the report of the senators as to the President's views on the Mexican question. Decision to have the senators visit the white house was reached by the committee after Secretary Lansing had told it that the president had not been consulted in the present diplomatic exchanges with Mexico regarding the Jenkins case.

Immediately after arrangements were made for the conference Senator Fall began assembling the evidence on which his charges against Mexican government representatives were based and preparing an abstract for presentation to the President. The senator plans to take all the evidence to the White House so it will be available for the President, should he ask for it.

PREPARE TO FLEE.

By Associated Press Leased Wire
El Paso, Tex., Dec. 5.—Border representatives of American concerns in Mexico today were preparing to carry out instructions for withdrawal of American citizens employed in Mexico. No immediate exodus of Americans, of whom there are many hundreds, is expected, however. American business agents here are endeavoring to provide a quick movement from Mexico of all Americans, if such a movement becomes imperative.

If the United States senate should pass the resolution withdrawing recognition from the Carranza government, it was said, there would be an immediate exodus from Mexico, leaving many mines and other properties idle and throwing thousands of Mexican laborers out of work.

Feeling against Americans, regarded as none too friendly, might lead to serious consequences for Americans unable to leave at the first warning, it was said.

Mrs. John Ahrens and daughter, of Sterling were visitors in Dixon yesterday afternoon.

FUEL CONSERVATION ORDERS APPLY TO EVERY INDUSTRY AND MERCANTILE INSTITUTION--HOURS ESTABLISHED

**Stores Open From 11 a. m. to 5:30 p. m.; Factories
From 9 a. m. to 3:30 p. m.; Conflicting
Orders of Utilities Commission Are
Explained; One Was for Southern
Part of the State.**

BUSINESS HOURS IN FORCE IN DIXON.

Retail establishments of all kinds in downtown district—11 a. m. until 5:30 p. m.
Retail establishments in outlying district—10 a. m. to 6 p. m. Saturday night until 9 p. m.
Offices, banks and other places of business—all office buildings included—9 a. m. until 3:30 p. m.
Factories, workshops, industrial establishments, wholesale businesses, storage warehouses (cold storage warehouses and plants excepted), 9 a. m. to 3:30 p. m.
Barber shops, bakeries, restaurants, hotels, drug stores, dance halls, clubs, doctors' offices are under no restrictions.
Candy stores and cigar stores are under the same restrictions as the retail establishments.
Moving picture theaters are under no restrictions. Opera house and vaudeville shows limited to six performances per week.

E. D. Alexander, Vice President and General Manager of the Illinois Northern Utilities Co., to which all orders of the State Public Utilities Commission concerning conservation of fuel in this territory are addressed, stated to The Telegraph this morning that the only orders of the Commission applicable to territory served by the I. N. U. were those issued in Chicago Wednesday, which provide for service as outlined above. These hours will be complied with by the I. N. U. and its supply of light and power to consumers in its territory will be in accordance with the schedule given above.

Press dispatches yesterday carried orders issued by the Public Utilities Commission at Springfield yesterday afternoon for "downstate" cities giving time limits differing from those provided in the orders issued in Chicago, under which Dixon business men and manufacturers had agreed to operate. The publication of these two orders, with their varying hours, caused some confusion in this city this morning, and accordingly Mr. Alexander communicated with the State Commission over the telephone. He was advised that the orders issued in Springfield yesterday were applicable to cities in the southern of the state, and in no way conflicted with or superseded the ruling concerning service in Dixon and territory served by the I. N. U.

Accordingly his company will act under those orders and power and light will be turned off from premises the occupants of which fail to observe the hours as set forth in the order and outlined above.

**Dixon Schools Will
Not Have to Close Up**

The schools of Dixon will not be forced to close because of the coal situation. It was stated today by one of the school officials. Each of the institutions has sufficient fuel on hand to run through the school year and it is the opinion of the educational authorities that the children will be better off in warm school rooms than they will be should they be given their liberty to run the cold streets or to stay in homes which may not be heated as well as the schools.

**Newsdealers Adopt
New Method of Sales**

Newsdealers were forced to trust to the honesty of their patrons in the sale of morning papers today because of the order which required them to remain closed until 11 o'clock, and the test was not in vain. One dealer placed the papers on a table outside the door, with a cigar box containing a small amount of change, and purchasers were to pick out their paper and deposit the price in the box.

Handle Perishable Food.

The milk factory handles perishable food and it would be impossible for the factory to handle its normal amount of milk in less than 9 hours. Should they cut to 6 1/2 hours the factory could not accept the regular daily amount of milk from the dairies and considerable waste of milk would be certain to result. The factory runs under its own power.

Flow Shops Adopt Hours.

Despite the fact that they heat their plant with oil burners, the Grand Detour plow shops come under the new working hours regulations as they receive power from the I. N. U.

One of the Reynolds Wire plants has been shut down for several days and the other plant will operate under the new hours, as the Brown Shoe Company, the American Wagon Company, and in fact all industrial establishments in the city. The Sandusky Cement plant was forced to cease production several days ago because of the fuel shortage.

At Wagon Company.

The American Wagon Company's plant in the west end of the city has been operating until 10 o'clock nightly until last evening when the doors of the factory were closed at 5:30. The company has several large orders to fill and are fortunate in having a plentiful supply of soft coal in their storage bins to run through the winter.

Court House Hours.

All of the offices and department of the Lee county court house were closed this afternoon at 3:30, following the posting of notices at the entrances of the building. Until the condition is considerably relieved, the court house will open its doors at 9 o'clock in the morning and close at 3:30 in the afternoon. These hours will be observed by all of the offices.

At Shoe Factory.

Supt. Watkins of the Brown Shoe factory plant stated today that beginning tomorrow morning, the factory would operate from the hours of nine o'clock in the morning until 3:30 in the afternoon. The factory opened at 7 o'clock this morning as is customary but the new hours will be effective tomorrow morning.

The Library Board announced this morning that by order of the Mayor the Dixon Public Library will be closed Saturday evening and will remain closed until further notice.

It is requested that all books be returned before tomorrow evening.

Mrs. Marguerite Burkhardt has moved from 110 Boyd street to 518 Peoria Ave.

SANDRA THE JEALOUS

By JANE PHELPS.

A REALIZATION AND A PLEA CHAPTER CXLIII

Everett did not once speak to me all that dinner. I felt my thoughts disordered, confused. Had I again been wrong? I dared not try to make conversation before Thomas; I did not know what I might say. My brain was not sufficiently collected. Had it not been that Miss Pierce had seemed so eagerly to welcome my presence, I should still have doubted them. But she was unaffectedly glad to consult me, that I did not know what to think.

It shot across my mind, as we sat there in silence, how strange it was that one human being should have so little sympathy with another. I felt that Everett was all out of sympathy with me—not because of my action in concerning him—my unfair criticism, but because he did not love me as he should.

I felt some way that things had come to a crisis. That Everett would perhaps leave me because of my uncalculated remarks, but I knew his ideas upon such subjects. He had no patience with anyone who did such things.

The thought of Everett's love for that other woman who had been his wife, and who clung to me like a vicious web, I felt well.

had struggled against it, but it had wrapped me, poisoning my life. I never had been able to shake it from me.

I had been unfair to him in allowing myself to become so enmeshed in jealousy for her that it had made me unhappy, so annoying him—even tho he knew not the reason. I had been unfair in regard to his acquaintance with Irma Barton and others—proved wrong in my suspicions. And now had I been unjust about Miss Pierce? If I had, what had I to find fault with? Quickly into my mind leaped the answer.

"The love I long for is not mine!" Then followed the thought: "I have heard that one can really love but once. Perhaps Everett gives me all he has to give." So, harried by such thoughts, I excused myself when we had finished and went up to hear what Miss Pierce had to say.

I think I never read so selfish a letter as was the one from her step mother. At once all my anger against the girl and so against Everett, died away.

"I should not think of going if I were you!" I told her. "Your step mother simply wants you to wait upon her, and do the drudgery. You say she is perfectly well?"

"Oh, yes, she's always been healthy!" She is younger than father, and will dance all night. But she hates to do anything about the house. I do hope it is right for me to stay. I love Junior so it would break my heart to leave him. Then too—" she flushed, "father can't afford to pay me anything, hardly afford to dress me. I hate to give up my independence."

"It isn't your duty, Mr. Graham thinks as I do," I replied and was rewarded by such a gush of tears it frightened me. The poor girl had been worrying for fear we would tell her that her duty lay with her step-mother.

After I had quieted her, I went down stairs to Everett.

"Well?" he said.

"Miss Pierce showed me the letter. I told her to stay," I answered, ashamed and wanting to say so, but not knowing quite how.

"Haven't you anything to say to me?"

"Only to ask your forgiveness for my suspicions. But"

"I forgive you, Sandra, because you are not the fault-finding, suspicious kind usually. But my dear, haven't you yet learned to trust me? Haven't I proved myself to you?"

"Yes—but—"

"But what?"

I made no answer, altho the words I

so longed, yet hated, to say, trembled on my lips.

"But what, dear?" he asked again.

"But you don't love me!"

As I spoke the tears came in a perfect flood. All the pent up emotion of the years of jealous misgivings poured out in that flood of tears and heart-racking sobs.

"I don't love you? Why, Sandra, what do you mean?" he asked as he took me in his arms, and wiped my eyes.

Bob Zuppke Signs to Coach U. I. Five Years

By Associated Press Leased Wire
Chicago, Ill., Dec. 5.—Robert Zuppke today was in possession of a contract as football coach at the University of Illinois for another five years.

The announcement was made here by George Huff, director of athletics at the university, who also said plans were almost completed for the building of a stadium at Illinois to accommodate 35,000 persons.

"Such a stadium would cost about \$500,000," said Huff. "The money to build it is not yet in sight, but it has been suggested that the alumni contribute a large portion of the amount."

COON-JARBOE WEDDING—

Thanksgiving Day is perhaps the anniversary of more weddings than any other day of the year. One in which people of Lee county are interested was one taking place in DeKalb, that of Clayton F. Coon, of Steward, and Miss Laura E. Jarboe, of DeKalb. The ceremony took place at 8 o'clock Thanksgiving day morning at the Congregational parsonage in DeKalb, the Rev. F. M. Webster, pastor of the church, reading the service. The ring ceremony was used. Soon after they left for Steward, the home of the groom's parents, where they participated in the family Thanksgiving dinner. In the evening they left for Chicago where they expect soon to be settled in apartments which they had selected.

The bride wore a beautiful suit of burgundy chiffon broadcloth, trimmed in Hudson seal, with hat to match. The bride is the youngest daughter of Supervisor John H. Jarboe and wife. The family has long been prominent in the industrial, municipal, fraternal, and religious affairs of the community. The daughter has grown to womanhood in these surroundings. She is a lady of varied accomplishments, a talented musician, and has many friends. She is well educated is industrious, and has lived a life of superior usefulness and will not only be missed in the home but in the church, social and fraternal circles.

Mr. Coon is a returned soldier boy from France where he was in the service until a few months ago and is now holding a good position with the Q. R. S. Co. of Chicago. Young people of such sterling qualities are bound to form friendships, make a place for themselves in any locality in which they may reside.

They will be at home to their friends Dec. 15th.

DINNER PARTY FOR HUNTERS—

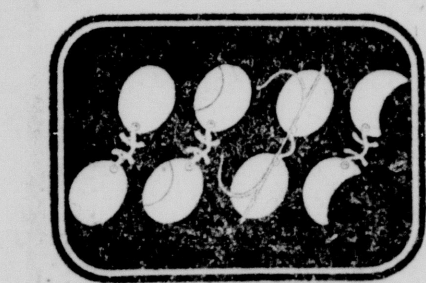

Mr. and Mrs. C. A. Sheffield entertained Thursday evening with a dinner party in honor of those who with Mr. Sheffield, hunted deer in northern Minnesota recently. Mr. and Mrs. W. A. Schuler, Mr. and Mrs. P. A. Schoenholz, Mr. and Mrs. Angier Wilson, Mr. and Mrs. Joseph Miller, Dr. Sickles and Miss Worthington, Lex Hartzoff, Miss Dysart, John Ford, Dr. and Mrs. Pankhurst, Mr. and Mrs. W. E. Sheffield, and Mrs. Addie Baker were guests. Toasts and descriptions given by the hunters of how they secured their deer followed a dinner of unusual excellence, a real banquet.

PLAN DINNER FOR SOLDIERS—

Plans for a banquet for their soldier boys was made Thursday by the Be Jolly club, meeting at the home of Mrs. Lewis Beatty in an all-day session. This banquet will be given at the home of Mr. and Mrs. D. W. Osbaugh on the evening of Dec. 15th. The meeting of the club was an unusually pleasant one with an excellent scramble luncheon at noon, with chicken and all the accompanying good things. Besides the members there were present a number of guests, Mrs. Stevens, Mrs. Leake, Miss Bennett, and Mrs. Fisher.

"Just What I Wanted For Christmas"

Is an exclamation which will echo among your relatives and friends, when they open gifts chosen from these complete and attractive holiday displays. When a remembrance combines a utility with beauty, as do these offerings, it becomes doubly desirable. Prices, too, make selecting inviting. Below are a few interesting gift suggestions—more will greet your visit to the store. Be sure to make it an early visit if you want to choose from complete assortments. Late shoppers will find many of the most desirable offerings depleted.

Wearables are Numbered Among the Worth-While Gifts

Especially to members of the family you want to give anything that is serviceable and not alone pleasing to the eye. What then could be more representative of the affection you feel for mother, sister or daughter than a gift of a modish suit, a handsome coat or a new skirt?

Here are some real values awaiting your choice.

HANDKERCHIEFS

Answer the gift question, appropriately and inexpensively. Despite unusually heavy demands for them, we have a very complete assortment to meet every need. Prices are low. (Each, 8c, 10c, 15c, 19c, 25c to \$1.00. Three in neat box, 50c, 75c, \$1.25 to \$2.00.

VEIL GIFTS

Are enthusiastically received and these offerings are exceptionally attractive. You may choose made Veils or Veiling by the yard at very reasonable prices. Made Veils, 25c, 50c, \$1.00 up to \$2.50. By the yard, 25c, 35c, 50c, 75c and \$1.00.

Make Her Happy with a Gift of Furs

Any woman will prize such a gift for these holiday offerings are so warm and comfortable, so exactly what all women wish for in the way of quality and smart styling. Almost any pelt represented and the best value for your money is assured.

Scarfs \$8.50 to \$50
Sets economically priced

Muffs \$10 to \$39.50
Children's sets, \$5.00 to \$13.50

Perfumes and Toilet Water Will Please

Our assortments of the Richard Hudnut, E. Burnham, Melba and Colgate's perfumes are extensive. You can choose with great pleasure to suit your purse. Prices on these are equal to any price made by the so-called cut-rate drug stores. We invite your inspection of these assortments.

Camisoles Are Welcome

—because no woman ever has too many of them. These are unusually pretty. Some are lace trimmed, others are gold embroidered and some plain. Many dark colors and brilliant red. Priced 75c, \$1.50 to \$5.95.

SHOPPING HOURS

The public should realize the situa-
tion that confronts the stores and pub-
lic alike—that shopping hours between
now and Christmas have been drastic-
ly reduced and that the normal volume
of Christmas shopping must be crowded
into a greatly reduced number of hours.

Stores in Dixon will be open between
the hours of 11 a. m. and 5:30 p. m.

Under normal conditions the stores
would be open until late in the evening
on every week day as Christmas draws
near. Careless shoppers could wait
until the last days. But Christmas is
less than three weeks away now and
the great crush of Christmas shopping
that will be crowded into the remaining
days will surely tax the facilities of the
stores to the utmost. It will be impos-
sible for the stores to get experienced
help to care for the increased volume of
business. Shoppers who do not shop
early this year are very apt to find that
they cannot shop at all later.

The public should bear with the
store keepers and should do all it can
to help the situation.

Do not wait until Christmas week.
Start your shopping tomorrow and buy
everything you will need early in the
day and on an early day.

Wisconsin Governor Blames Agitators and Cruel Employers

By Associated Press Leased Wire
Chicago, Ill., Dec. 5.—Investigation of
labor troubles by a federal government
commission, which also should fix wag-
es, and use of the United States army
to drive back to work striking bitum-
inous coal miners was advocated in an
address here last night by Gov. E. I.
Phillip, of Wisconsin. He ascribed
the present labor situation to "labor
agitators" and "selfish, heartless em-
ployers who aren't honest enough to
give the laboring man his dues."
"If the government did what it ought
to do, it would appoint a commission
to investigate the labor trouble, fix
wages, and let the United States army
say to the men: 'You go to work.' If
you don't you'll get neither coal nor
food," said Gov. Phillip. "This is not
time for pussyfoot politicians."

Former Empress is Visiting in Paris

CHRISTMAS MEETING—

The Christmas meeting of the For-
eign Missionary society of the Metho-
dist church, was held at the home of
Mrs. F. X. Newcomer and Mrs. Wal-
gren. Sixty-two ladies were in attend-
ance.

The very interesting program of the
afternoon opened with the singing of
"Joy to the World." Mrs. Harned had
the devotional service in charge, with
the regular routine business following.
With Mrs. Grover at the piano, Miss
Marjorie Wingert sang two beautiful
Christmas numbers, "The Virgin's Lull-
aby," and "There's a Song in the Air,"
the latter given as an encore. An ar-
ticle, "The New Era Vision," was read
by the president, Mrs. E. E. Wingert.
Mrs. Robert Anderson had the study
chapter with "China" as the subject.
She told of the hospitals in China, de-
veloping the subject in a most enter-
taining and instructive manner. Mrs.
J. W. Andrews followed, telling of the
religions of China. The Women of
China, was the subject of Mrs. C. J.
Smith's paper. The closing talk was
given by Mrs. Evelyn Street, "How
Christianity Effected the people of
China." In the hands of these four
women this study was made unusually
interesting and held the undivided at-
tention of those present. At the close
of these papers Mrs. Joseph Beech
made a plea for the endowment of a
bed in the new Rock river hospital
which will be soon built in Western
China. Mrs. Beech's talk touched the
hearts of her hearers and the society
responded generously. Through the
generosity of Mrs. Ira Lewis, in par-
ticular, the society will endow two beds.
Light refreshments were served at
the meeting's close. At the next meet-

ing a special program will be given to
which the Standard Bearers are invit-
ed.

CARPENTIER WON IN FIRST ROUND

By Associated Press Leased Wire

London, Eng., Dec. 5.— Experts, in
commenting on last night's fight, in
which Georges Carpentier of France
knocked out Joe Beckett of England in
the first round, concurred in saying that
victory went to the best man because
of speed and cleverness.

Beckett's manager says Carpentier
"brought off a million to one chance."

but the Daily Mail's critics accused
Beckett of "sheer stupidity."
"Beckett had by a long way the best
of the handicap," this expert writes.
"He was superior in height and reach.
He is a great fellow physically but the
less said about his judgment the bet-
ter. Perhaps he was overconfident, but
anyway he gave his opponent a chance
which no novice would have offered.
The blow with which Carpentier won
was too simple for words. It could
have been easily diverted and the coun-
ter to it would have been an extreme-
ly dangerous blow, yet Beckett walked
right into the danger zone. What he
did was simple and stupid, and there
is no excuse for him."
After Carpentier had been carried

around the ring, the Prince of Wales
cordially shook his hand and congratu-
lated him. The prince also shook Beck-
ett's hand, saying: "Better luck next
time."

LUTHERANS TO INSTALL NEW PASTOR SUNDAY

Chicago Clergymen Will
Officiate at Special
Services.

The Evanston News Index of last Saturday published the following concerning Rev. Lloyd W. Walter, the new pastor of St. Paul's Lutheran church, who arrived in Dixon this week and who will be installed with special services at 10:45 o'clock Sunday morning, the installation to be conducted by Rev. David A. Davy, of Chicago, president of the Northern Illinois Synod, and Dr. H. L. Yarrow, Secretary of the Board of Home Missions.

After eight years of successful service to the St. Paul's English Lutheran Church, Rev. Lloyd W. Walter, the pastor, will preach his farewell sermon tomorrow morning at the 11 o'clock service. His resignation takes effect Monday and he will go to the St. Paul's English Lutheran church in Dixon, Ill., where he is to assume the pastorate of a congregation of 700 members, one of the strongest churches in northern Illinois.

The government of the church has not selected a successor to Mr. Walter and the churchmen feel very sorry to see their faithful pastor leaving them, but are glad that he is to become the leader of a large church, which is one of the leading churches of Dixon where the Rock River Assembly often meets.

Mr. Walter came to the Evanston church eight years ago. The membership has doubled and the benevolences, including all foreign missionary pledges and outside charity work, have also been doubled. Church activities have been extended in many ways. The members have built a modern parsonage, have remodeled the interior of the church and have enlarged the edifice.

A tablet in tribute to boys of St. Paul's church who entered the military service during the great war is to be unveiled tomorrow night at 7:45 o'clock, when the service flag will be taken down. Mr. Walter is to officiate at this ceremony and it will be his final official act for the church.

NEWS
FROM
DIXON

AT BOYS' CONFERENCE

Carl Santee, Robert Rhodes, Elwin Stothower, Garland Waggoner, Elmer Shuler, Donald Stauffer, Howard Hall, Roy Glessner, James Andrews and Elmer E. Rice have returned from Aurora where they have been to attend the State Old Boys' Conference, which convened in that city Friday, Saturday and Sunday. Beginning with the banquet which was served in the gymnasium of the East Side high school building Friday evening, at which time over 1000 young men took part, there prevailed the spirit of fraternalism which continued during the program which is hard to express. It is a common thing to have assembled annually men conferring on religious, business and educational problems, but to bring together from all parts of the state boys ranging in age from 16 to 21, red blooded fellows, full of zeal and power to do things, proves to the pessimistic mind that tomorrow is to be a better day and as Dr. McCowan put it, in his splendid address, "You young fellows are the men of tomorrow and without you there will be no tomorrow."

The theme of the conference was "The Challenge" and such speakers as H. W. Gibson of Boston, who has worked with boys for over 25 years, advising them to become more attached to their homes, the church and school with a real purpose in life, not to live only for oneself, but for the good of all mankind. Mr. Gibson called their attention to the fact that selfishness had to a great extent brought the world to the present crisis and it is up to the young men of today to stand by those principles that promote Christian citizenship, permanent peace, the hearts of men with the spirit of brotherly love that it may bring about more peace abiding, self sacrifice and contented peoples.

William Francis, a leading business man of Chicago, delivered a very helpful address on "Business, a Christian Opportunity." He thrilled the boys with his optimistic view of what the future has in store for them, impressing upon their minds the need of schooling, clean living and the development of Christian character that big business is now demanding.

Other speakers on the program who filled the boys with enthusiasm and a desire to return to their own cities and put in practice the things that go to make better high schools, Bible schools and Young Men's Christian Associations.

Only One Thing Now Lacking—Money

"I have doctored nine years for stomach and liver trouble and spent thousands of dollars, but instead of becoming cured of these ailments, my bloating and pains and attacks became worse. I was persuaded a year ago to take May's Wonderful Remedy and have never suffered since taking the first dose. I wish I had the money back I spent for other medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists everywhere.

Barbasol Softens the Beard and
Heals As It Shaves.

Chemistry has another feather in its cap.
Now it makes possible the "smart-

The old scraping and pulling method of our grandfathers is replaced by an easy, pleasant method that even does away with the unsanitary shaving brush and the mussy mug. Men who have tried this modern shaving preparation proclaim it the greatest discovery since shaving was invented. A remarkable ointment that heals the face and keeps it in the best condition at all times. It easily softens the toughest beard, yet will not harm the most delicate skin.

All druggists recommend Barbasol and most of them sell it.

The First State Old Boys' Conference was held in Peoria in 1914 with an attendance of 165. Each year the number of delegates attending has increased until the 1919 session brought out the record attendance of over 1200 boys. The 1920 conference will go to Springfield with Robert Hess of Evanston as the president of the State Boys' Association.

Dixon boys returned with a determination to make the convention a worth while affair with them and will step in to their places in this city as leaders of the young men. They will meet tonight to compare notes and have a general summing up of the entire program and be ready to report to the various Bible Schools of this city represented at the conference. They will also arrange a big get-together meeting of the boys and young men of the Y to bring to them the good things they received. The Dixon delegation was honored by having Carl Santee placed on the Greetings committee, which sent greetings to the various state conventions then in session. They also were entertained in some of the best homes in Aurora.

To Make Reports
The delegation of boys who attended the Old Boys' Conference at Aurora met last evening and arranged to report to the various Bible Schools next Sunday. James Andrews and Donald Stauffer, Methodist; Carl Santee, Elmer Shuler, Presbyterian; Elwin Stothower, Roy Glessner, Lutheran; Robert Rhodes, Garland Waggoner, Christian; and Elmer Rice and Howard Hall, Baptist.

The Boys' Work Council will hold a special session of prayer at a fireside meeting Sunday evening in the Y parlors.

Quick Action When
Pneumonia ThreatensTightness and Soreness in
Chest Calls for Begy's
Mustarine.

Don't fool with slow acting liniments, poultices, plasters, hot water bottles and the like, when Begy's Mustarine, the first and best improvement on Grandma's old fashioned Mustard Plaster will subdue the inflammation and put you right over night.

It's hot stuff—is Begy's Mustarine—that's why it's the speediest killer of pain in the world.

But it can't blister—you can always depend on that, but it will open up the pores and end the misery, in doubt quick time.

Its real honest remedy for aches and pains, for congestion and inflammation, for swellings and soreness. Use it the minute you suspect the influenza is attacking you and come back to apply it promptly if you want to conquer sore throat, tonsillitis, croup, coughs, pleurisy or bronchitis in just a few hours.

Always in the yellow box—never sold in jars—and money back if not as advertised. Be sure it's Begy's Mustarine.

Musterole Works Without the
Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

Mex. Official Not in
Favor of Arbitration

By Associated Press Leased Wire
Mexico City, Dec. 3.—(Delayed)—Luis Cabrera, secretary of the treasury, speaking to reporters today said he believed it would be unwise to attempt to settle difficulties between Mexico and the United States through a joint international commission. He remarked that the present situation is a diplomatic matter which must be settled in that way and intimated that a one-man commission appointed by each country might be beneficial.

INVESTIGATE "TEMPLE OF LOVE"

By Associated Press Leased Wire
New York, Dec. 4.—Detectives attached to the district attorney's office, who recently raided the New Hope Society's "Temple of Love" where the Matrimonial News and Cupid's Adviser, were published, today appeared before the grand jury to testify concerning the activities of Dr. Joahann Albertus, alleged head of the "Society," who was arrested in Detroit after he had fled from this city.

According to Assistant District Attorney Kilroe, he collected money from men and women in all parts of the country with the bait of a rich life partner.

Posters alleged to have been taken from the Society's quarters occupied the attention of the jurors for many minutes. "Love conquers all things." "If you are a poor suffer let us do it for you," and "If you wish to win a lady fair be generous," were some of cupid's slogans.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. "Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel, there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

HOW ABRAHAM LINCOLN
MET A NATIONAL CRISIS

Thirty-nine days after the inauguration of Lincoln as President, Fort Sumter was fired on. By the end of the following August the wail of sorrow was heard far and wide. The North suffered one defeat after another. Eventually, in the darkest days of Civil War, when a just and lasting peace seemed impossible, Mr. Lincoln issued the following proclamation:

"Whereas, it is the duty of nations as well as men to own their dependence upon the overruling power of God, to confess their sins and transgressions in humble sorrow, yet with assured hope that genuine repentance will lead to mercy and pardon, and to recognize the sublime truth announced in the Holy Scriptures, and proven by all his history, that those nations only are blessed whose God is the Lord;

"And inasmuch as we know that, by His divine law, nations, like individuals, are subjected to punishments and chastisements in this world, may we not justly fear that the awful calamity of Civil War, which now desolates the land, may be but a punishment inflicted upon us for our presumptuous sins, to the needful end of our national reformation as a whole people?

"We have been the recipients of the choicest bounties of heaven. We have been preserved, these many years, in peace and prosperity. We have grown in numbers, wealth and power as no other nation has ever grown. But we have forgotten God. We have forgotten the gracious hand which preserved us in peace, and multiplied and enriched

ed and strengthened us; and we have vainly imagined, in the deceitfulness of our hearts, that all these blessings were produced by some superior wisdom and virtue of our own.

"Intoxicated with unbroken success we have become too self-sufficient to feel the necessity of redeeming and preserving grace, too proud to pray to the God that made us.

"It behooves us, then, to humble ourselves before the offended power, to confess our national sins, and to pray for clemency and forgiveness.

"Now, therefore, in compliance with the request, and fully concurring in the views of the Senate, I do by this my proclamation designate and set apart Thursday, the 30th day of April, 1863, as a day of national humiliation, fasting and prayer. And I do hereby request all the people to abstain on that day from their ordinary secular pursuits, and to unite at the several places of public worship and their respective homes in keeping the day holy to the Lord and devoted to the humble discharge of the religious duties proper to that solemn occasion.

"All this being done in sincerity and truth, let us then rest humbly in the hope authorized by the divine teachings that the united cry of the nation will be heard on high and answered with blessings no less than the pardon of our national sins and the restoration of our now divided and suffering country to its former happy condition of unity and peace."

In a little more than two months later the sky was flooded with decisive

victory. Soon the clouds were lifted and the Union was preserved.

We are facing another crisis. Months of human effort have brought no relief. We are moving on and on into an increasingly solemn time. The message of Abraham Lincoln is the message for our day. The people who have a knowledge of God hold the key to the situation. It is written, "If My people, which are called by My name, shall humble themselves, and pray, and seek My face and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land." 2 Chron. 7:14. If today America would put God to the test and drop on its face as a people in fasting and prayer, He would send us relief. "He that hath ears to hear, let him hear."

Pastor of Grace United
Evangelical Church.

PARK BOARD OFFERS WOOD FROM LOWELL

The Dixon Park Commission has offered a considerable quantity of wood from Lowell Park to the city and Mayor Mark D. Smith has the proposal under advisement. The park commissioners informed the mayor that in Lowell Park there was a fair supply of timber that could be removed without damage to the park, some dead trees and others that obstructed views and that as a matter of fuel relief during the coal shortage, the city could send crews of men into the park and take out such timber, have it hauled to Dixon, cut up and placed on sale.

MEXICO PLANS AIR FORCE

By Associated Press. Leased Wire.
Washington, Dec. 4.—Mexico plans to have a strong air force, but the war department is without information as to its present equipment, acting Secretary Crowell told the house military committee today. Mr. Crowell said that Mexico had 24 modern pursuit planes as indicated by Representative La Guardia, he thought Mexico would have supremacy of the air over the United States in event of war. Mr. La Guardia said he understood Mexico had obtained this number of planes from France and England during the past year.

Urging creation of a separate air service, Mr. Crowell declared that such a department "is, or soon will be the most important body connected with national defense."

OPEN BIDS FOR WORK ON BRIDGE THIS AFTERNOON

The absence of Supervisors Trostle, W. J. Edwards and Joseph Bauer prevented the opening of bids for the Galena avenue bridge improvement this morning. Supervisors John Sterling of Dixon and Joe Miller were present at 10 o'clock, the hour set for the opening of the bids and several representatives of bridge building companies and firms specializing in bridge flooring materials were also present. All remained until noon expecting the other members of the committee to arrive so that they could proceed.

At noon a recess was taken until 1:30 when it was expected that the other three members would be present. At press time there were approximately a half dozen bids in sight for the work and these will be opened this afternoon and their contents considered by these members of the committee who are present.

Corn Suffers Quite a Drop on Market

By Associated Press Leased Wire
Chicago, Dec. 5.—Fairly liberal receipts and a limited demand gave a heavy undertone to the corn market today and prices were generally lower. There was a pronounced drop shortly after the opening and on rather free selling. Bearish sentiment predominated in spite of expected transportation difficulties due to weather conditions and the fuel shortage. Opening prices which ranged from unchanged to 1/2c lower, with December 1.39 1/2 and May 1.33 1/2 to 1/4 were followed by declines. On the dips May touched 1.32.

Oats followed the course of corn but within narrower limits. After opening 1/2c lower to 1/4c higher, with May at 79 1/2 to 79 3/4 there were gradual decreases.

Lower live hog prices were reflected in decreased provision values. Opening prices were from 5 to 50c lower, pork registering the greatest decline.

Subsequently, local traders absorbed the offerings, and a rally followed that wiped out most of the losses.

Later, resting orders checked the decline, and shorts covering generated sporadic upturns. The close was unsettled, 1 1/4c to 1 1/2c net lower, with December 1.38 1/2 and May 1.32 1/2 to 1.32 1/2.

St. Louis Decision Tilts Lid for Time

By Associated Press Leased Wire
St. Louis, Dec. 5.—Federal Judge Farris in the United States district court here today granted a temporary injunction restraining the district attorney and the collector of internal revenue from enforcing the Volstead war-time prohibition enforcement act as to whiskey and wine.

The restraining order was granted to four St. Louis whiskey dealing firms and corporations. Assistant District Attorney White said the effect of the decision would permit the sale of whiskey and wine throughout the eastern district of Missouri, including St. Louis and 54 counties.

Mrs. Eleanor Curtin spent Thursday in Chicago.

MISSOURI READY TO OPERATE HER MINES BY FORCE

If Miners Ignore "Ultimatum" Volunteers Start Tonight.

By Associated Press Leased Wire
Jefferson City, Mo., Dec. 5.—Missouri will be in the coal mining business late today, according to state officials, if the coal miners of Barton county fail to heed the "ultimatum" of Gov. Fred Erick D. Gardner to return to work at noon. It was announced that everything was in readiness for operating the Barton county mines, fifteen in number, which were seized by the state last night.

It was also announced that for the present the state will limit its operations to the Barton county fields, which have a daily output of about 1,000 tons. Tents, blankets, and provisions have been ordered to Barton county for the volunteers and the full Missouri national guard, 2,000 men, has received instructions to be ready to move on short notice. Included in the equipment to be sent to the fields is the fleet of trucks given the state by the federal government for road purposes. The trucks were commandeered early today. Special telegraph and telephone lines are being set up in buildings to be used as headquarters.

Adjutant General Harvey C. Clark will be in charge, in the event of state operation. Col. E. M. Statton of Independence, who had charge of the construction of trenches, fortifications and roads for the 35th division in France, has been appointed superintendent of operations.

Dispatches received here indicate that the Barton county miners in all probability would not return to work.

NAVY RECRUITING OFFICE OPEN HERE

B. Kaplan, Chief Gunners Mate in the U. S. Navy, is in Dixon to open a recruiting office in the postoffice which will be open for five days, during the hours of 9 to 5. The recruiting officer states that the age requirements have been changed from the years of 17 to 35 to 18 to 35. Men between these ages may make 2, 3 or 4 year enlistments and may go to any training camp, San Francisco, Great Lakes, Newport, R. I. or Hampton, Va. The war pay has been made permanent.

JOHN W. GRAY, OF LEE CENTER PASSED AWAY

John William Gray, of Lee Center township, better known as "Will Gray of Inlet," passed away suddenly at his home Thursday afternoon, for although he had been ill for a long time, he had appeared to gain strength and had partaken of the midday meal with his family yesterday. The end came quickly and without warning.

Mr. Gray was the son of Thomas and Margaret Gray, early settlers of Lee Center township, where they came to make their home in the late forties. He was born on the old home place Aug. 4, 1853, being at the time of his death, aged 66 years and four months. He was married to Miss Addie Phillips, who still survives and mourns his passing with three daughters: Mrs. Phoebe Hill, of Lee Center; Mrs. Edith I. Clark, of Inlet; and Mrs. Ruby M. Higley, of Polo. Eleven grand children and two brothers are also left. The brothers are Edward Gray, of Lee Center, and Joseph Gray, lately, of Lee Center, who a few weeks ago moved to Oklahoma. One sister, Miss Jessie P. Gray, of California, survives, another sister, Mrs. Frank Plank, having gone before him to the eternal life.

Mr. Gray was well known among the early settlers of the county and he had much to do with the development of the vicinity of Lee Center and Inlet. He was a very successful farmer and in recent years had retired from active life—his health not permitting the continuance of hard labor. He and his family were well known in Dixon, for each year they spent much time at their cottage in Assembly Park. Early this afternoon funeral arrangements had not been completed, and they will be announced later.
